St. Mark & St. Luke Newsletter THE MESSENGER

Alleluia! Christ is Risen . . . He is Risen indeed Alleluia!

Dear Friends in Christ,

A WORD

Easter is a big deal for Christians. For us it is more than decorated eggs, bunnies, and baskets. Sure, we recognize that many of the things that are part of our modern-day Easter celebrations are based on the pagan celebrations that revolve around spring, new life, and fertility, but for the Christian, the celebration of Easter is more than that. It <u>is</u> the focal point of our faith. The fact that Jesus our Savior (who really died on the cross) was raised from the dead on Easter morning gives us hope in a way that no other religion or belief or faith can give.

Have you ever really stepped back and thought about this. It is a rather ridiculous concept to accept. That the whole world could have the hope of eternal life all because one man -- Jesus Christ -- died for us and

rose again is really foolishness to a certain extent. I sometimes wonder why we believe it. There is no scientific proof it ever happened. No one has ever seen someone rise back to life after they had died. And yet we Christians base our understanding of the world and our hope for eternal life on this idea. And we do so out of faith.

If you have friends or neighbors or family members who scoff at your faith, don't despair. There have always been unbelievers. There have always been those who reject God and his truth. Think of the time of Noah and his family. Everyone in the world had drifted so far away from God and his truth, that only Noah and his family still believed. Look what happened to those who rejected God's truth. They perished in the flood of God's wrath.

Why does the date of Easter change ever year?

Easter's exact date varies so much because it actually depends on the moon. The holiday is set to coincide with the first Sunday after the Paschal Full Moon, the first full moon after the vernal equinox. Though the equinox's exact date can vary each year according to the <u>Old Farmer's Almanac</u>, the church always recognizes the vernal equinox as March 21.

So why does Easter come after the Paschal Full Moon? Early Christians wanted Easter to coincide with Passover, because Christ's death and resurrection happened after the Jewish holiday, Because the Jewish calendar is tied to solar and lunar cycles, the dates of Passover and Easter fluctuate each year.

The day will come when all of us who have faith and who believe God's truth will see the ultimate victory of what Christ did for us through his death and resurrection.

In the mean time we will stand firm and confess with the church though the ages that it is true . .

Alleluia! Christ is Risen . . . He is risen indeed Alleluia!

NEW COTTAGE DUPLEX!

For the first time in over 20 years Camp Luther is adding bedrooms! We are building a new Cottage Duplex to be used for Family Camp and retreats in the Fall, Winter, and Spring.

Thanks to a very generous supporter of Camp Luther a new Cottage Duplex has been mostly funded and will be matching the last \$100,000 of the project. We need your help to reach this goal by March 2025.

Prayerfully consider supporting this match so that we can further our mission of, Building up all people in Christ for service and witness to the world.
